[Abdulmuiz](#)

Striving for quality and timely product delivery has always been my goal. In any organization I become a part of, I am committed to proficiently managing projects and resources to ensure on-time delivery while taking into consideration all user's requirements. Additionally, I aspire to become a software engineer.

EXPERIENCE

WEB DEVELOPER (INTERN)

Oasis Infobyte

<https://oasisinfobyte.com/>

duration - 1 month

- Explored frontend best practices, focusing on accessibility and its importance in web development.
- Strengthened CSS skills by mastering Flexbox, specificity, and responsive design techniques.
- Improved JavaScript proficiency, including scope, "use strict," and DOM manipulation.
- Gained hands-on experience with JavaScript ES6+ features to optimize performance.
- Worked with CSS methodologies to ensure maintainable and scalable stylesheets.

FRONT-END DEVELOPER (INTERN)

Let's Grow More

<https://letsgrowmore.in>
